50X1-HUM

Oct 51 Metallurgical factory, (FABRIKA ZELEZA):

NIK3IC

The construction of the factory was begun in the spring of 1951 and the work is proceeding slowly due to a shortage of manpower and material. The main building is now under construction. This is about 500 m long and 100/120 m wide.

The factory is located in the zone called "RUDOPOLJE", immediately NW of the city.

Other details are lacking.

50X1-HUM

Feb 51 Hemp products and fishing net factory:

ZARA

50X1-HUM

Located

in the compound of old buildings (1-floor),

which face the "Sapri" factory

About 400 workers are employed here.

Director: BABIC.

The factory's production is not put on the open market, but consigned to the "ZADRUGA"s (state companies) from which one has to acquire the nets.

In the last months of 1951, in one of the units of the factory, there began the production of nylon thread.

Feb 52 Precision instrument factory

ZARA

Now, under construction. Work began in the latter half of 51.

50X1-HUM

At the date to which the information refers, the walls of a bldg 200 m. long and 30 m. wide reached a height of 1 m., and the foundation of a second bldg was poured, while the other bldgs were merely staked out

50X1-HUM

The construction of the factory was assigned to the LAVCEVIC state company.

Director of the work: Engineer CHLIC, Ivan.
